

Other initiatives favoring respect for our local environment include Little Bay Dredging, Bike Rack Grant, Energy Performance Contract with schools, a response to DEP notice of non-compliance regarding the Community Veterans Building, a Technical Assistance Grant for Green Communities designation, and allowing an electric vehicle charging station at the National Marine Life Center.

Website and IT

The Board approved of an inter-municipal agreement with Barnstable County for information technology assistance to help with information technology, infrastructure, strategic planning, vulnerability and security assessment.

Finances/Budget

FY22 Budget process was led by the town administrator creating and realizing a structurally balanced budget. He presented the proposed budget January 12, 2021, to the Board, followed by a separate meeting with the Finance Committee as outlined in the Charter and Bylaws, subsequently releasing the budget to Finance Committee and Board of Selectmen for continued distinctive review and vote.

Town Meetings and Elections

The Board supported the town clerk's recommendation to move Precinct 2 to the Community Veterans Building due to the Sagamore Fire Station not being conducive to social distancing required during the COVID pandemic emergency orders.

The 15 person quorum was implemented during the State Emergency Orders and voted by the Board. The Annual Meeting was moved from May to June 29th and was held on Jackson Field at Bourne High School in order to accommodate social distancing and remain outdoors.

The Board voted to hold a Special Town Meeting in November, limiting Articles, once again, to those that were either deferred from the spring or were essential for business because the COVID emergency restrictions were still in place.

Committees

Town government is supported by citizen engagement in 40 appointed committees and a handful of elected boards. Many committees did not meet during COVID restrictions. Mostly the ones that continued to meet were the ones essential to town business. The Cable Advisory Committee was re-established, and participants were selected to review the cable contract with special counsel for the town. The Roadway and Traffic Safety Committee was created to review more fully and more systematically, requests for signs and traffic concerns.

Multimodal Bourne

The Massachusetts Department of Transportation (MassDOT) held public sessions and administered surveys to plan the next five-year capital plan, a spending plan that will guide investments for the Commonwealth's transportation system between 2020 and 2024. The Capital Investment Plan (CIP) determines how MassDOT prioritizes and funds its investments, covering all transportation projects – everything from highway and municipal projects to regional airports, rail and transit, including the MBTA and Regional Transit Authorities as well as bicycle and pedestrian projects across the Commonwealth. This is also the department managing the replacement of the two Cape

TOWN ELECTION

TOWN OF BOURNE

Prev. May 18, 2021
