GLOSSARY OF TERMS

RESERVE FUND

The reserve fund is a contingency fund usually created as part of the annual budget appropriations which is used to fund extraordinary and unforeseen expenses. It is disbursed through transfers approved by the finance committee. In general, extraordinary, and unforeseen items such as an increased insurance premium or a new police cruiser are acceptable. Salary increases are generally not an acceptable use of this reserve.

RESOLUTION AID

Resolution aid refers to the amounts allocated to each city, town and regional school district as stated in the Legislative Resolution in March. It includes direct, flexible aid under the Cherry Sheet program

headings Chapter 70, Additional Assistance, and any others so designed by the Legislature. Although Resolution Aid represents the bulk of Cherry Sheet Aid, the terms are not synonymous. Cherry Sheet aid represents the total of all programs appearing on the Cherry Sheet, Resolution Aid represents a portion of this aid.

REVENUE SHARING

Federal tax dollars paid to a town to be used for any purpose which is permissible use of its own revenue. Public Hearings are required before the sums may be appropriated to individual accounts at the Annual Town Meeting.

SCHOOL DEPARTMENT

School departments have a special status concerning a municipality's budget. Under state law (71:34), the legislative body of a town (town meeting) shall establish the total appropriation for the support of the public schools but may not limit the authority of the school committee to determine expenditures within the total appropriation.

SELECTMEN

The Selectmen are the closest thing a town has to a chief executive. They have overall responsibility for the general operations of town government. As chief executive body of the town, the selectmen develop guidelines consistent with policy, at the same time taking into consideration the available financial resources of the town. As the budget is the single most important policy document that a town develops each year, participation by the selectmen is essential to their maintaining a leadership role in the town. They should review all the budget requests and develop a good understanding of the finance committee's position on the budget. The selectmen should establish policy priorities and provide leadership in the constant debate between the needs of the departments for sufficient resources to deliver public services and what the taxpayer can afford.

STABILIZATION

The stabilization fund may be created pursuant to 40:5B. Any interest earned shall be added to and become a part of the fund. This fund may be appropriated for any lawful purpose. The fund may be appropriated in a town at the annual town meeting or a special town meeting by a 2/3 vote.

TAX COLLECTOR

The collector is charged with the responsibility for collecting all taxes owed to the municipality. This requires maintaining a good record keeping system and organization to deposit revenue into town accounts as soon as possible. All receipts must be turned over to the treasurer at least once a week (or more often during heavy collection periods). Another major responsibility of the collector is the processing of motor vehicle excise bills. These bills are generated by the Registry of Motor Vehicles and sent to the town for distribution and collection. Timely action pursuing delinquent accounts dramatically increases the likelihood of eventual collection of the tax or payment due.
